## BORREGAS AVE BICYCLE/PED BRIDGES Over Highways 101 and 237

---

**Date:** November 15, 2005

**Time:** 7:00 pm

**Place:** Columbia Middle School, Staff Room  
739 Morse Avenue, Sunnyvale 94085

The City of Sunnyvale is in the process of designing two bicycle and pedestrian bridges along the Borregas Avenue corridor; one crossing over Highway 101 and one crossing over Highway 237. These new bridges will provide better bicycle and pedestrian access to residential areas, shopping areas, the businesses in the Moffett Park area and the Baylands Park. On September 28, 2005 the City held a public meeting to gather input from community members regarding this project.

The City of Sunnyvale is committed to seeing that the needs and concerns of the community are addressed during the design and environmental phases of the project. As part of this effort, the City is holding a second public meeting on November 15th at the Columbia Middle School at 7 p.m. At the November meeting, the City will provide a range of possible solutions to the concerns that were raised at the previous meeting and will gather additional public input regarding the design of the bridges. A summary of this meeting can be found at [transportation.inSunnyvale.com](http://transportation.inSunnyvale.com).
